## VISION

We aspire to be acknowledged as a leading seat of higher learning that is dedicated to excellence in education, research, and community development at large.

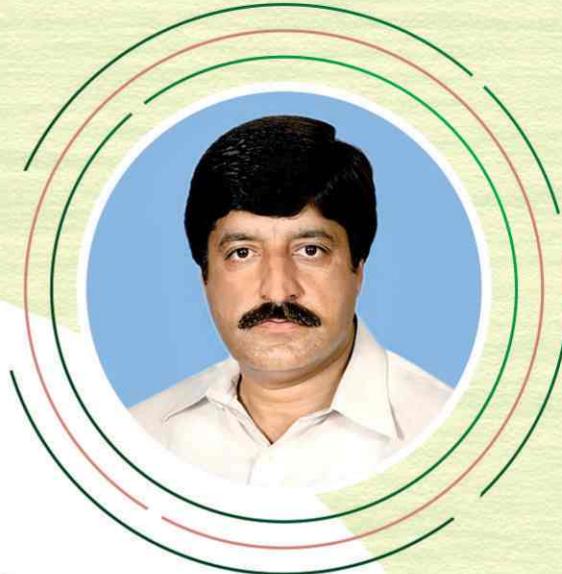

# CHANCELLOR'S MESSAGE

**SARDAR SALEEM HAIDER KHAN**

GOVERNOR PUNJAB /  
CHANCELLOR TIMES UNIVERSITY

“

It is a matter of great pleasure to know that in order to meet the challenges of 21st century, the Government of Pakistan has introduced changes at higher education level.

The present administration, in its effort to "unleash" the untapped potential of the second youngest population in the world would continue the "human capital" approach to education. Improving access and quality of educational institutions is considered essential in capturing this potential, also reinforces through its party manifesto. A national task force on education comprising experts across different sectors has been formed for this purpose. I have firm belief in a famous quote of Quaid-e-Azam Muhammad Ali Jinnah i.e.

***"Education is a matter of life and death for Pakistan. The world is progressing so rapidly that without requisite advance in education, not only shall we lag behind others but may be wiped out altogether."***

Educational Institutions may play an important role in nations' building by promoting research, objective learning, traditions, culture and academic values. I am exultant to see the contributions made in the field of Higher Education by private sector institutions in general and particular in Southern Punjab. The Government of Punjab has adopted the policy of encouraging the private sector to come forward and establish educational institutions. More educational institutes are need of the time to meet the challenges of the modern world for providing quality education and promoting the culture of research and development. The TIMES University, Multan has an ample potential to meet the challenges of twenty first century and the needs of Pakistan in all walks of life.

Mission of TIMES University is synchronizing with higher education novel policies. The University has maintained active and fertile collaboration with industry and service sectors to make its programs dynamic and responsive in the ever-emerging needs of the time. I am sure that "TIMES University" would provide quality education to the youth of Pakistan in a stimulating and conducive learning environment. I also wish them future success.

”

## CHAIRMAN'S MESSAGE

**MUHAMMAD SARFRAZ MUZAFFAR**  
**CHAIRMAN**

“

It is extremely gratifying for me to welcome you to TIMES UNIVERSITY. This rapidly growing seat of higher learning is the fruit of a labour of love undertaken by visionaries who dream of enabling our younger generation to gain knowledge and skills needed to compete with the world at large in times to come.

The operating principle behind this institution is that only an educated individual can become a successful nation's basic unit. Furthermore, the principle holds that this education should be in keeping with the rapid rate of change in the modern world. Consequently, all teaching activity at TIMES UNIVERSITY is based on ultra-modern strategies of Problem Solving and Synergy Deployment.

Students are encouraged to think innovatively and to learn by doing. The concept of teamwork exists as separate phenomena among teachers and taught and across the pedagogical divide. As a result, the faculty and the students work together as one in the pursuit of knowledge.

Your joining us in this exciting adventure of knowledge and learning take our nation yet another step ahead towards the journey of peace and progress. I wish you the best in your academic endeavors.

”

## EXECUTIVE DIRECTOR'S MESSAGE

### WARDA NASEEM

Executive Director

“

As the Executive Director of TIMES University, it gives me immense pleasure to welcome you to our institution, where excellence in education meets innovation and opportunity.

Over the past thirteen years, TIMES University has embarked on a journey committed to delivering exceptional education across a wide array of disciplines. Our University, chartered by the Government of the Punjab, stands as a testament to our dedication to providing quality education that meets global standards.

At TIMES University, we feel pride in offering a diverse range of programs designed to cater to the needs and aspirations of every student. From Law to Humanities, from Business to Healthcare, we offer comprehensive educational pathways that empower students to excel in their chosen fields.

We believe in fostering a culture of academic excellence, innovation, and inclusivity. Our faculty members are renowned experts in their respective fields, dedicated to nurturing the next generation of leaders and thinkers. Through state-of-the-art facilities, cutting-edge research opportunities, and hands-on learning experiences, we aim to equip our students with knowledge, skills, and mindset needed to thrive in an ever-evolving world.

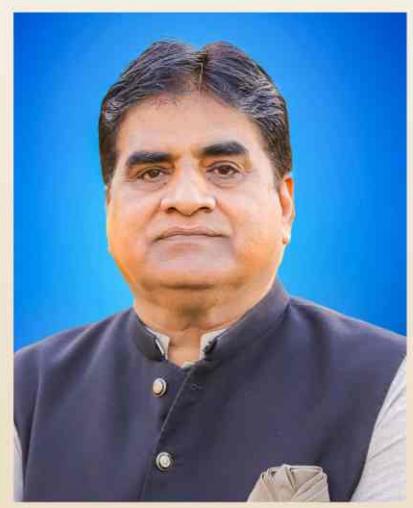

As we continue to grow and evolve, we are committed to our mission of providing accessible, affordable, and transformative education to all. Whether you are a prospective student, a parent, or a member of our community, we invite you to join us on this journey of learning, discovery, and growth.

”

**Welcome to TIMES University, where the future begins,**

## PRO-VICE CHANCELLOR'S MESSAGE

**Prof. Dr. M. Shaukat Malik**  
Pro-Vice Chancellor  
(Academics)

“

As the Pro-Vice Chancellor of TIMES University, it is my honor to extend a warm welcome to you as you consider embarking on your educational journey with us. In just thirteen years since our inception, TIMES has emerged as a beacon of academic excellence, fueled by our unwavering commitment to providing world-class education in a dynamic and supportive environment.

With a Charter from Government of the Punjab along with NOCs from Higher Education Commission (HEC), different councils and our endeavors, TIMES University stands as a testament to our dedication to fostering innovation, scholarship, and global citizenship. Our comprehensive range of programs spans across various disciplines, offering students a plethora of opportunities to explore their passions and carve out their paths to success.

As a forward-thinking institution, we recognize the importance of holistic education that goes beyond the confines of traditional classrooms. With modern and state of the art new infrastructure, our faculty members are not only esteemed scholars but also mentors and guides, dedicated to nurturing the talents and aspirations of every student who walks through our doors.

At TIMES, we embrace diversity, creativity, and critical thinking, empowering our students to become lifelong learners and leaders in their respective fields. Through cutting-edge research, experiential learning, and community engagement, we strive to instill in our graduates the skills and values needed to thrive in today's interconnected world.

Whether you aspire to pursue a career in science, humanities, business, or beyond, TIMES is here to support you every step of the way. Join us as we continue to redefine the boundaries of education and shape the leaders of tomorrow.

*Welcome to TIMES, where endless possibilities await,*

## **ALI BIN USMAN (PRIVATE) LIMITED**

Ali Bin Usman Private Limited is a registered Company under the companies Act 2017 (XIX of 2017). As the name itself signifies that it commemorates Ali Hajveri (May God Be Pleased with Him) the highly venerated as the main Wali of Lahore, Pakistan by the traditional of the Sunni Muslims of the area. He is, moreover, one of the most widely honored saints in the entire South Asia. TIMES University, Multan is an Institution that mainly derives inspiration from the teachings of Ali Bin Usman Hajveri (May God Be Pleased with Him) and Ali Bin Usman Private Limited is the sole owner of TIMES University, Multan. The main focus of this University is to impart education in this backward region of Southern Punjab as Ali Bin Usman Hajveri (May God Be Pleased with Him) irrigated the desolate and barren minds of South Asia. Administration of TIMES, University Multan wants to equip the minds of this region with the knowledge of Humanities, Social Sciences, Pure Sciences, Medicine, Law & emerging technologies as well. It is hoped that by virtue of our belief in the teachings of Ali Bin Usman Hajveri (May God Be Pleased with Him) and untiring efforts by the faculty and the learners of TIMES University, Multan would be one of the prominent knowledge delivering Universities of this region InShaAllah.

## ABOUT **TIMES** UNIVERSITY

TIMES University is a multidisciplinary University that was established with the notion to cater to the educational needs of the Southern Punjab's inhabitants in particular and the other areas of Pakistan at large in 2008.

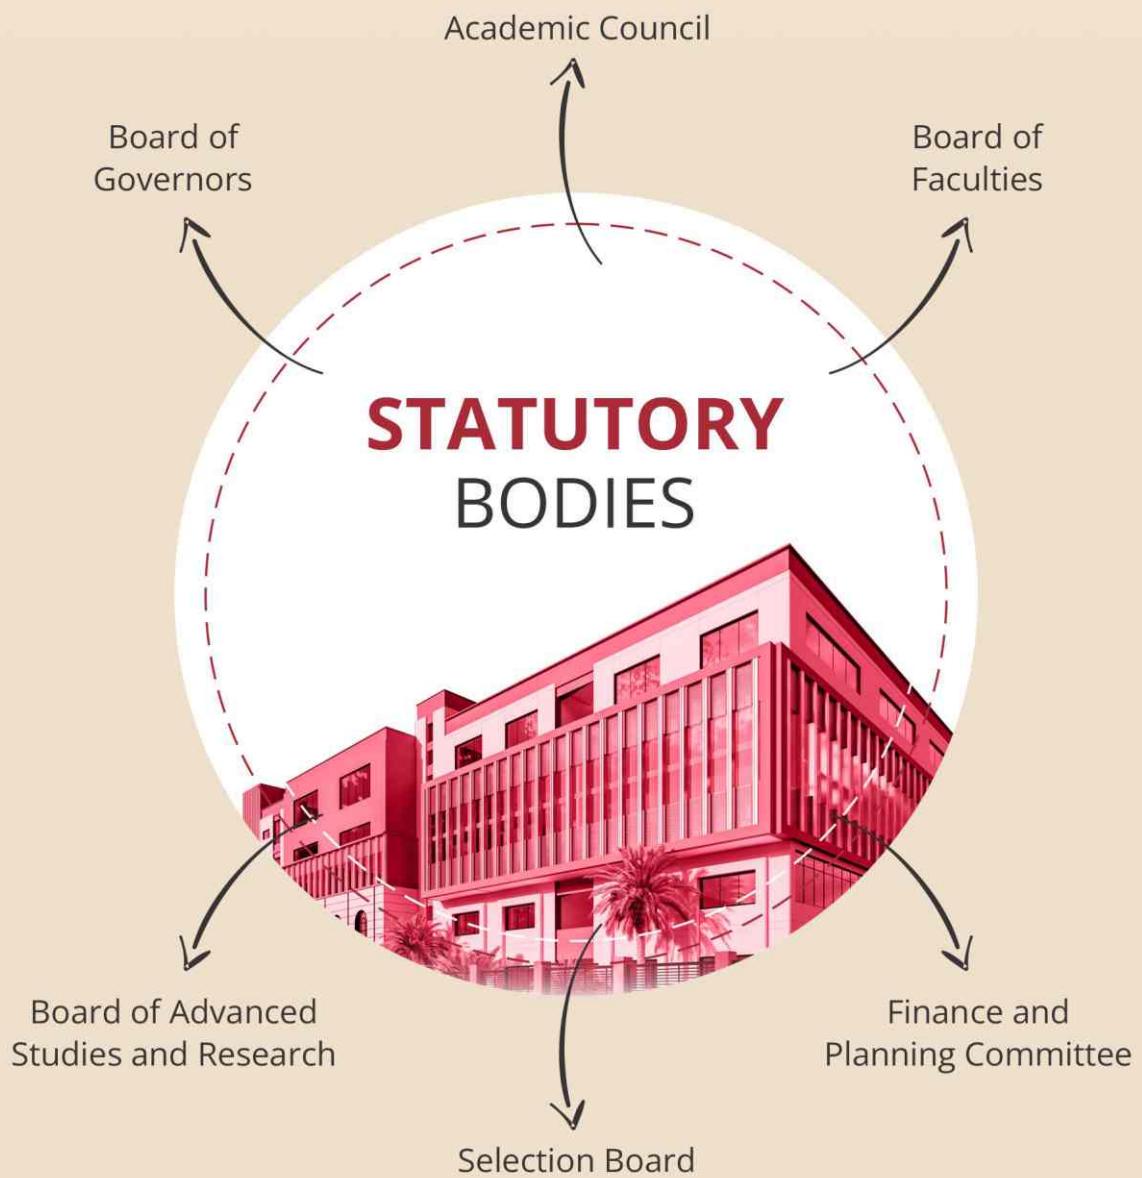

The TIMES University, Multan as TIMES Institute, Multan was previously affiliated with Punjab University & Government College University in Lahore, and produced Electrical Engineers and Business Graduates in different specializations to accomplish its mission and philosophy. In 2009, this journey's directions diverted towards the attainment of its Charter to achieve the mission and philosophy of the TIMES in actual spirit because the dream could not come true without the achievement of the Charter. It could not happen to produce the intellectual who could challenge the status quo and encourage innovation and become "Movers and Shakers". Simultaneously having scanned the local environment of Southern Punjab, the Bahauddin Zakariya University, Multan and Government College University, Faisalabad were approached & got affiliation to proliferate the knowledge in Physical Therapy, Human Nutrition & Dietetics, Computer Science, Public Health, Law, Business Administration, Chemistry etc.

During this long journey, many vicissitudes have been faced, but the passion for delivering quality education has won this cold war. On September 16th, 2020, the Government of Punjab very graciously awarded the Charter to the TIMES Institute, Multan and Higher Education Commission (HEC), Islamabad recognized the TIMES Institute, Multan to put the things on right paths in the disciplines of Social Sciences, Arts, Management Sciences, Science and Technology, Law, Medicine, Allied Health Sciences, Pharmaceutical Sciences and Engineering & Information Technology under "The Times Institute, Multan Act 2020" (Act XXV of 2020). In 2025 through an amendment, the Provincial Assembly of the Punjab upgraded the title of TIMES Institute Multan to TIMES University Multan vide "The Times University, Multan Act 2020" (Act XXV of 2020).

Whereas our working principle is a holistic approach to all academic matters, our attention never sways because modern education demands stipulate specific material requirements. Accordingly, with its spacious campuses, ultra-modern infrastructure, and distinguished faculty, TIMES UNIVERSITY stands second to none among the region's most advanced institutions. We strive to provide state-of-the-art equipment in our labs and classrooms along with veteran and acclimatized faculty whose professional acumen is widely recognized. The same high level of professional commitment can be seen in our management and our ancillary staff.

**At TIMES UNIVERSITY, we are acutely aware that this University is a sacred pledge to the nation that must be fulfilled by all means.**

## CITY OF **MULTAN**

Multan is one of the oldest cities not only in Asian Subcontinent but also in the world. Multan is located in the bend created by five rivers of central Pakistan. The Sutlej River separates it from Bahawalpur and Chenab River from Muzaffar Garh. Multan is known as the City of Sufis or City of Saints or Madinat-ul-Auliya because large number of shrines and Sufi saints are from this city.

The city has grown to become an influential political and economical center for the country with a dry port and excellent transport links. Multan is famous for its crops: wheat, cotton, sugar cane, mangoes, citrus, guavas and pomegranates.

PASSION

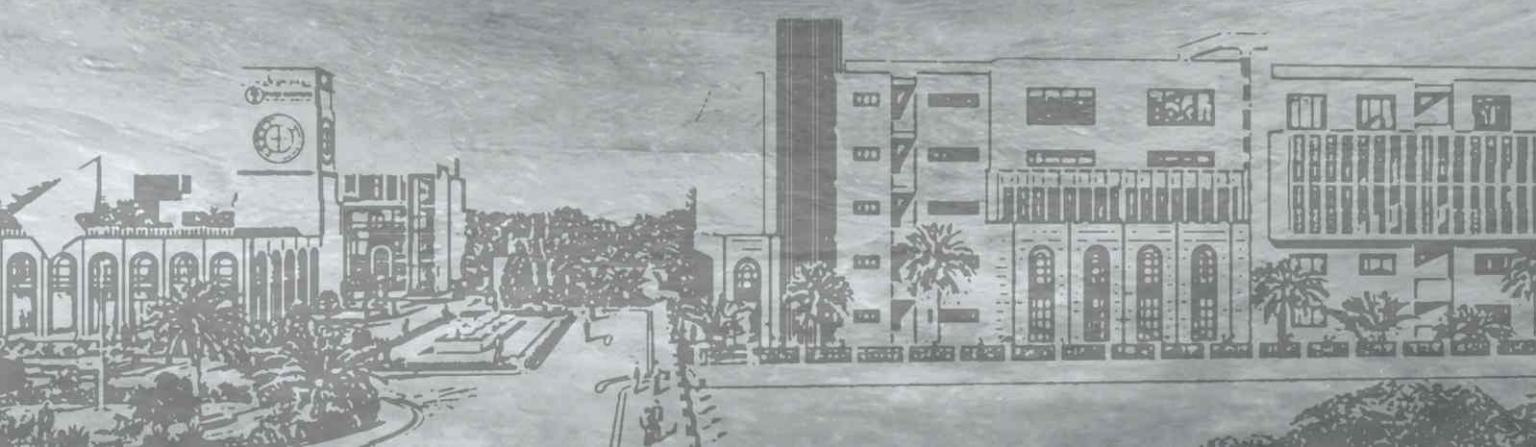

IDEAS

RESULTS

## ACADEMIC DEPARTMENTS

## FACULTY OF LAW

# HAJVERI LAW COLLEGE

*NOC by Punjab Bar Council*

The study of law, being conscious that sustainable development in the contemporary world is impossible without proper implementation of the law, is committed to imparting quality legal education. The department seeks to prepare students for positions as counsellors, advocates, judges, business persons, researchers, teachers, and philosophers of the law. These ends are further developed by a program of academic excellence combined with practical experience; to provide fair, honest, and equal representation to those in need of legal aid.

### OBJECTIVES

- To educate and train students in various branches of law.
- To educate the student about the importance of the ethical aspect of the profession.
- To introduce the student to the contemporary legal method of practice and research.
- To train them in oratory and presentation skill.
- To link students with national and international organizations and universities.

PROGRAMS	MIN. DURATION	ELIGIBILITY CRITERIA

## FACULTY OF PHARMACEUTICAL SCIENCES

# JAVAID COLLEGE OF PHARMACEUTICAL SCIENCES

**NOC by Pharmacy Council of Pakistan**

Pharmacy is one of the most trusted professions in Pakistan and has had a strong community presence for many years. Pharmacists are registered health professionals who are experts in medicines. By promoting health awareness and providing expert advice on drugs, they contribute to the community's betterment. The pharmaceutical business is quickly developing due to a maturing population and technological advances that make it simpler and more financially savvy for new drugs to be completed and tried. This widening market implies graduates of this field have great employment possibilities.

### OBJECTIVES

- To equip graduates with the knowledge and skills in pharmaceutical sciences to improve people's health everywhere through leading therapeutics-related research, education, public and professional services, patient care and counselling.
- To develop leaders in the pharmacy profession, enabling them to think critically and work seamlessly to provide quality services to the community, hospitals, industry and the government.
- To promote quality, efficacy and safety of drugs through innovation in pharmaceutical and clinical research.
- To enhance pharmacist's role in patient care by imparting professional attitude and willingness to work as a team member in health care settings
- To conduct courses for pharmacy professionals to update their skills and knowledge.
- To share our knowledge and expertise with professional colleagues, industry leaders, and policymakers.

**FACULTY OF MEDICINE & ALLIED HEALTH SCIENCES**

## **DEPARTMENT OF FOOD SCIENCE & NUTRITION**

Food Science and Nutrition is a comprehensive progressive discipline that encompasses many scientific fields such as engineering, physics, chemistry, biology, microbiology, nutrition, and biotechnology. The domain of food science provides a solid scientific basis for a comprehensive understanding of the mechanisms and processes involved in food preservation, food processing, and nutritional value of food products. Food Scientists and Nutritionists work in this area for improving the safety, wholesomeness and nutritional integrity of food products for human consumption. Food scientists play a vital role in the industrial and institutional collaborations for the research and development of novel food products which are healthy and attractive for consumers.

**OBJECTIVES**

- To produce highly professional and qualified food technologists for food industries, teaching and research organizations.
- To establish links between teaching / research institutions, government, commercial organizations and consumers.
- To preserve, process and manipulate the agricultural crops to avoid post-harvest losses.
- To reduce environmental pollution by utilizing the agro-waste from fruits and vegetables.
- To introduce innovative, nutritious and economically value-added food products for local consumption and export.

## DEPARTMENT OF NURSING

The Department of Nursing is committed to providing exceptional education and training to future nursing professionals. We offer comprehensive programs that combine theoretical knowledge with hands-on clinical experience, preparing students to deliver compassionate, high-quality patient care. Our mission is to foster critical thinking, leadership, and lifelong learning to meet the evolving needs of the healthcare system.

### OBJECTIVES

- Apply leadership concepts, skills, and decision making in the provision of high-quality nursing care, healthcare team coordination, and the oversight and accountability for care delivery in a variety of settings.
- Integrate evidence, clinical judgment, inter professional perspectives, and patient preferences in planning, implementing, and evaluating outcomes of care.
- Demonstrate skills in using patient care technologies, information systems, and communication devices that support safe, effective nursing practice.

## FACULTY OF SCIENCE & TECHNOLOGY

# DEPARTMENT OF COMPUTER SCIENCE

Computer science has become an essential part of our daily life activities due to the transformation of the digital age and workforce. To be well-educated global citizens in a computing-intensive world and be prepared for careers in the 21st Century, it is imperative that students have a clear understanding of computer science principles and practices. The computer science discipline includes algorithms and data structures, computer and network design, modelling data and information processes, and artificial intelligence.

### OBJECTIVES

- To produce future technology leaders in computer science, mainly focusing on bridging the gap between industry and academia and producing graduates that are competent in technical skills and have strong communication skills and teamwork abilities.
- Promote a culture of research and student involvement through continuous industry-academia collaboration.
- Develop state-of-the-art technologies through continuous research and development to help industries in cost savings, rapid product development, process improvements, and gain a competitive advantage in the marketplace.
- To provide high quality, comprehensive educational programs and services; educational and training opportunities adaptable to changing needs.
- To contribute to the growth and development of the computer and information age.

## FACULTY OF SCIENCE & TECHNOLOGY

# DEPARTMENT OF CHEMISTRY

Chemistry is an incredibly fascinating field of studies because it is so fundamental to our world. Chemistry plays a role in everyone's lives and touches almost every aspect of our existence somehow. Chemistry is essential for meeting our basic needs of food, clothing, shelter, health, energy, and clean air, water, and soil. Chemical technologies enrich our quality of life in numerous ways by providing new solutions to problems in health, materials, and energy usage. Thus, studying chemistry helps prepare us for the real world.

Chemistry is often referred to as the central science because it joins physics and mathematics, biology and medicine, and the earth and environmental sciences. Knowing something about chemistry is worthwhile because it provides an excellent basis for understanding the physical universe we live in. For better or for worse, everything is chemical!

Studying chemistry also puts one in an excellent position to choose from various practical, exciting and rewarding careers. A person with a bachelor's level education in chemistry is well prepared to assume professional roles in industry, education, or public service. A chemistry degree also serves as an excellent foundation for advanced study in several related areas. The list of career possibilities for people with training in chemistry is long and varied. Even when unemployment rates are high, the chemist remains one of the most highly sought after and employed scientists.

### OBJECTIVES

- To train the students for specialization in emerging technological and multidisciplinary fields such as Organic Chemistry, Inorganic Chemistry, Physical Chemistry and Analytical Chemistry.
- To develop the department in education, research and development of basic technology in chemical science.
- Development of best resource for student and researchers.
- Utilization of excellent facilities for students.

PROGRAMS	MIN. DURATION	ELIGIBILITY CRITERIA
M. Phil. Chemistry	02 Year	16 year of education / M.Sc. Chemistry, BS Chemistry or equivalent (in relevant field) with minimum 2.5 / 4.0 CGPA in semester system or 45% marks in annual system from HEC recognized University / University. <b>GAT type admission test conducted by the University or GRE / HAT General / equivalent tests conducted by the recognized testing body.</b>

**FACULTY OF SOCIAL SCIENCES**

**DEPARTMENT OF ENGLISH**

English studies has a unique and predominant role in the communicative sphere of the world. It also has a unique identity in the field of education. The English language teaching has four objectives to develop four skills: (i) Reading, (ii) speaking, (iii) Listening (iv) Writing. Nowadays, more and more people are choosing to study english all the time as its international importance in every field of life is becoming increasingly apparent.

**OBJECTIVES**

- To develop knowledge and understanding of grammar.
- To develop abilities to make use of the grammar in one's writing.
- To motivate students for more studying English.
- To improve creative writing.
- To develop the ability to grasp the theme of a poem or an English passage.
- To help shape individuals into outstanding scholars, teachers, researchers and responsible citizens.
- To promote and expand productive, innovative and diverse research that generates new literary approaches and contributes to studying languages and literature worldwide.
- To promote study and understand societies, cultures, traditions and history through literary texts from across the globe.
- To enhance the awareness of the English language and its correlation with other cultures and communities.

PROGRAMS	MIN. DURATION	ELIGIBILITY CRITERIA

PhD English Linguistics	03 Year	BS / MS / M.Phil. or Equivalent (in Relevant Field) with Minimum 3.00 / 4.00 CGPA in Semester System and 60% Marks in Annual System from HEC Recognized University / University. <b>GAT type admission test conducted by the University or GRE / HAT General / equivalent tests conducted by the recognized testing body.(Subject) conducted by the recognized testing body.</b>

**FACULTY OF SOCIAL SCIENCES**

## **DEPARTMENT OF ISLAMIC STUDIES**

Islamic studies generally refers to an academic multidisciplinary "studies" program similar to other such programs (environmental studies, Middle East studies, race studies, urban studies, etc.) where scholars from diverse disciplines (history, culture, literature, art) participate and exchange ideas pertaining to the particular field of studies. Such academic programs often include the historical studies of Islam: Islamic civilization, Islamic history and historiography, Islamic law, Islamic theology and Islamic philosophy. Specialists in this discipline apply methods adapted from several ancillary fields, ranging from Biblical studies and classical philology to modern history, legal history and sociology.

**OBJECTIVES**

- To produce competent scholars who are well versed in basic Islamic disciplines and capable of guiding the Muslim Ummah, conversant with today's changes, and able to meet the requirements of the future.
- To provide in depth knowledge of basic Islamic Sciences such as Quran & Hadith, Fiqh, Islamic History, Islamic thought, Seerah & Dawa.
- To Provide Skills of Islamic Education with an exposure to modern scientific, technological and social development.

PROGRAMS	MIN. DURATION	ELIGIBILITY CRITERIA
M. Phil. Islamic Studies	02 Year	16 year of education / BS Islamic Studies / MA Islamic Studies or equivalent (in Relevant Field) with Minimum 2.5 / 4 CGPA in Semester System and 45% Marks in Annual System from HEC Recognized University / University. <b>GAT type admission test conducted by the University or GRE / HAT General / equivalent tests conducted by the recognized testing body.</b>

**FACULTY OF SOCIAL SCIENCES**

# DEPARTMENT OF INTERNATIONAL RELATIONS & POLITICAL SCIENCE

The Department of International Relations & Political Science at TIMES University Multan offers a comprehensive program focused on global politics, diplomacy, and political systems.
